REPORT OF THE CHILD VICTIMS’ TRUST FUND
FOR
July 1, 2019-December 31, 2020

INTRODUCTION

The Child Victims’ Trust Fund (Trust Fund) is established by KRS 41.400 and is administered in accordance with KRS 15.935 by the State Child Sexual Abuse and Exploitation Prevention Board (the Board) established by KRS 15.905. The Board is a 170(c)(1) non-profit organization.

The Trust Fund provides funding for child sexual abuse prevention programs. The Trust Fund awards grant funding to regional and statewide prevention programs that utilize innovative strategies to provide children with personal safety skills, teach adults how to keep children safe from child sexual abuse and exploitation and inform the public about mandatory reporting of suspected child abuse. The Trust Fund also provides partial reimbursement for child sexual abuse medical exams at children’s advocacy centers across the state. The Fund’s prevention activities and child advocacy programs are funded through private donations, proceeds from the purchase of “I Care About Kids” license plates and donations made through the state income tax refund check-off program.

The Board is composed of the secretary of the Cabinet for Health and Family Services, the secretary of the Finance and Administration Cabinet, the chief state school office, the commissioner of the Department of the Kentucky State Police, and the Attorney General or their designees, as well as ten members of the public. The Attorney General’s designee serves as the Chairperson of the Board. For calendar year 2020, Heather Wagers, the Executive Director of the Office of Trafficking and Abuse Prevention and Prosecution (TAPP) served as the Chairperson. TAPP provides administrative support to the Board and Trust Fund in accordance with KRS 15.920.

The Coronavirus pandemic presented unique challenges, but also created unique opportunities. The Board was only able to meet once in person before the pandemic. Thereafter, meetings were conducted virtually. Grants were awarded in the normal course of business; however, deliverables sometimes had to be modified as conditions changed. Audits of grantees occurred later in the year than usual; however, those audits were more robust than in past years. The pandemic created an opportunity for a greater virtual presence despite decreased abilities for in-person community building. Overall, the grants from the Trust Fund were able to adapt to the new environment.

The Board undertook several measures to improve operations and further their charge. The Board adopted revisions to the bylaws that increased oversight of grants and also adopted an anti-discrimination policy. The Bylaws are attached hereto. The Board also developed a strategic plan

for the biennium. The Board had not had a strategic plan for some time. The Strategic Plan is attached hereto. The Strategic Plan includes five goals:

- To increase public and professional awareness and understanding of the nature and scope of child sexual abuse and exploitation.
- To fund quality services and innovative programs.
- To have a greater influence on public policy relating to child sexual abuse and exploitation.
- To increase the effectiveness of the Board.
- To ensure continued growth and viability of the Child Victims’ Trust Fund

Future annual reports will detail the progress made towards these goals.

**RECEIPTS, EXPENDITURES AND ACCOUNTS RECEIVABLE**

The Trust Fund received $83,244.43 from various fundraising activities and interest from July 1, 2019 through December 31, 2020. The majority of the Trust Funds’ fundraising comes from proceeds from the purchase of “I Care About Kids” license plates. For that period, the Trust Fund received $37,806.00 from license plate purchases. The Trust fund also participated in Giving Tuesday for the first time in 2020. As a result of those efforts, the icareaboutkids.ky.gov website had a 124% increase in traffic for that week and the Trust Fund received $175.00. While that is not a substantial amount, donations for that week represented a 350% increase over donations for the entire year. The Trust Fund also received $30,752.00 from the state income tax refund check-off program for the period July 1, 2019 through December 31, 2020.

The Trust Fund appropriated $350,000 from July 1, 2019 through December 31, 2020. This appropriation included funding for the grants discussed below, as well as expenditures associated with grants from FY20 and operating expenses. The Trust Fund had a balance of $1,186,917.66 on July 1, 2019 and it had an unencumbered balance of $920,162.09 as of December 31, 2020.

In 2008, the Board realized the Trust Fund had an outstanding receivable balance of $44,250 from grantee Family and Children’s Place. At that time, the Board realized that the Trust Fund was billed for medical examinations case management reimbursement for exams that were conducted at hospitals or emergent care facilities resulting in the overpayment. In January 2009, the Board approved an arrangement whereby Family and Children’s Place’s reimbursement for medical sexual assault examinations were reduced by $20.00 each and that amount was credited towards the overpayment. The Trust Fund has an outstanding receivable balance of $22,330.00 from a grantee Family and Children’s Place as of December 2020. This outstanding balance exists as a result of an overpayment that occurred in 2002-2004. Originally, the outstanding receivable balance was 44,250. Over the next eleven years, $21,920 was credited to the balance as a reduction from the amount the Child Advocacy Center would have received for reimbursement of medical exams performed. In 2020, the new composition of the Board revisited this topic and determined that it desires to work with Family and Children’s Place to discuss a lump sum repayment or a more accelerated repayment plan. Some of the Board and TAPP staff anticipate meeting with Family and Children’s Place in March 2021.

**GRANTS**
The Trust Fund awarded $219,417.00² in grants in 2020 (for Fiscal year 2021). As shown in the chart below, $62,700.00 was funded to 15 Child Advocacy Centers as a partial reimbursement for 836 child medical sexual assault examinations at $75.00 per exam.

The Board voted to increase the amount of reimbursement from $75.00 per exam to $100.00 per exam for the next grant cycle. The increase is anticipated to cost the Fund an additional $20,900.00 next year.

STATE/REGIONAL GRANTS

The Board awarded $131,272.00 for regional and statewide awareness, prevention and outreach programs.

| CHILD WATCH COUNSELING            | $24,653.00 |
| FAMILY NURTURING CENTER           | $56,574.00 |
| SOUTH CENTRAL KY KIDS ON THE BLOCK | $23,442.00 |
| PREVENT CHILD ABUSE KY            | $26,603.00 |

Child Watch Counseling uses the Safety Tools and Golden Rules program. Their curriculum delivers sexual abuse prevention education to pre-school and elementary school students in 13 counties in Western Kentucky, the Kentucky Boys and Girls Ranch and older child serving agencies by using age-appropriate interactive discussion, activities and videos. The program gives students an understanding of sexual abuse, ways to prevent it and how to stop abuse already occurring.

² The amount awarded is the maximum amount that could be reimbursed to a grantee. Most grantees have not yet billed the full amounts awarded.
The Family Nurturing Center uses the Stewards of Children training (evidence informed) program. The program is designed to educate 2,500 adults on how to prevent, recognize and respond responsibly to child sexual abuse. The program was developed to meet the needs of youth-serving organizations, public agencies, schools, law enforcement and parents. The program includes a unique motivational component that directly addresses reluctance to report and necessity of shared responsibility for every child.

The Kids on the Block Program provides school based prevention services which increase public awareness about the problem of child abuse and equips children with the skills to recognize and report such abuse. Dynamic, interactive performances are provided using life size Kids on the Block puppets to educate children about child abuse and neglect. The puppets discuss their “personal stories” regarding both physical and sexual abuse. Following the presentation, the puppeteers are trained to address issues related to child abuse and answer questions from the children, so that children can clarify any information and gain additional insight into abuse. This program will reach 10,000 to 12,000 children in the area with 50 performances.

Prevent Child Abuse Kentucky has been able the gauge perceptions from the general public on child sexual abuse prevention and occurrences through survey data collected by Prevent Child Abuse Kentucky and with Child Victims Trust Fund funding. They will conduct further analysis to identify demographics of individuals not receiving child sexual abuse prevention messaging. In order to prevent child sexual abuse from occurring, communities and individuals must believe child sexual abuse can be prevented as well as possess the tools needed to strengthen families.

**CONFERENCE GRANTS**

The Board reimbursed the following entities $10,445 in conference grants in 2020.

**OTHER GRANTS**

The Board’s last meeting in 2019 was in May as they were unable to obtain quorum for its last two scheduled meetings that calendar year. In November 2019, a former Executive Director with the OAG approved an expenditure to fund a Samaritan Women Human Trafficking Encounter Exhibit to be displayed in the Education Center in Frankfort in January 2020. $1,181.00 of Child Victims’
Trust Fund money was utilized to fund this exhibit and the Office of the Governor invited the public to attend it on National Human Trafficking Awareness Day. The new composition of the Board amended its bylaws in 2020 to formalize a threshold for authorizing expenditures without express approval from the Board.

The Board approved a grant of $5,000.00 to the Special Prosecution Unit of the Office of Attorney General to pay for an expert witness from Ohio for a child sex case that took 6 years for the victim to come forward and now 6 years later to prosecute. Mr. Stuart Bassman provided review of the information, but the defendant ended up pleading guilty without Mr. Bassman’s testimony being admitted as an expert witness. Mr. Bassman was paid $2,697.50 for the services he provided.

**AUDITS OF GRANTEES**

TAPP conducted on-site audits of all nineteen grant awardees. TAPP was advised that in past years, an audit consisted of the awardee pulling two to three files of its choice for review.

For the 15 CACs, TAPP instituted a new policy of reviewing 50% plus one of all medical files of TAPP’s choosing for which a sexual abuse exam was reimbursed. TAPP also chose which sexual abuse exam files to be pulled for review rather than allowing this to be discretionary. Additionally, personnel records were reviewed to ensure that background Promotional plans were reviewed. Finally, TAPP discussed with each grantee any issues they had in their geographic area in preventing and responding to child sexual abuse. All audits showed that the medical files matched the requests for reimbursement. The majority of the CACs had documentation of complete background checks on site. The remaining CACs either provided the documentation or cured the background checks within a short period of time.

**INTERNAL AUDIT**

The Board requested that the Kentucky Auditor of Public Accounts audit the Trust Fund, however, the state auditor waived the audit. Instead, an internal audit was performed by an auditor from the Medicaid Fraud Control Unit of the Office of Attorney General. The Audit result is attached hereto. The audit reviewed the specialty license plate receipts and disbursements. The audit found no issues.

**CONCLUSION**

For the 3rd year in a row, Kentucky is first in the nation in child abuse. The Board made great progress in meeting its statutory charge in 2020. It also developed a sustainable plan for the future. The Trust Fund made grants that helped to defray the costs of child sexual abuse examinations and to raise awareness of and help prevent child abuse in Kentucky.

Section 2. Internal Ethics Policy.

2.1 Public Board Members. Members of the Child Sexual Abuse and Exploitation Prevention Board who are appointed as “public members” do not fall within the meaning of “public servant” as defined in KRS 11A.010(9). Therefore, these board members do not fall within the purview and
are not subject to the Executive Branch Code of Ethics. (See Advisory Opinion 03-14, Executive Branch Ethics Commission).

However, so as to avoid any actual conflict or the appearance of impropriety, any public board member who may have a personal interest in a grant shall abstain from any Board involvement in the discussions, awarding of, or monitoring of such a grant. In addition, any public board member who has an affiliation with a grant applicant should likewise abstain from a vote of the Board regarding the grant applicant.

2.2 Ex-Officio Board Members.

The Executive Branch Code of Ethics governs ex-officio members, or those designees who act as proxies on their behalf. (KRS 11A.010(9)). These members shall also refrain from any action, which creates a potential for conflict or the appearance of impropriety regarding any particular grant applicant or grantee.

2.3 Factors to be Considered Regarding Abstention.

When making a determination of whether to abstain from action, the public Board member and ex-officio member should consider the following:

1. Whether a substantial threat to his independence of judgment has been created by his personal or private interest;
2. The effect of his participation on public confidence in the integrity of the [Board];
3. Whether his participation is likely to have any significant effect on the disposition of the matter;
4. The need for his particular contribution, such as special knowledge of the subject matter, to the effective functioning of the [Board]; or
5. Whether the official decision will affect him in a manner differently from the public or will affect him as a member of a business, profession, occupation, or group to no greater extent generally than other members of such business, profession, occupation, or group. A public servant may request an advisory opinion from the Executive Branch Ethics Commission in accordance.

---

1 Note: “Board” has been substituted for “executive branch” since public board members are not subject to the Executive Branch code of Ethics.

“I Care about Kids” Specialty License Plate Internal Audit

FY 2019-2020
Kentucky Child Victims' Trust Fund (CVTF)
Internal Audit: Specialty License Plate

An Internal Audit has been completed for the 2020 Fiscal Year. The audit was performed to ensure that the receipts and disbursements correlated to the amount reported by the Transportation Cabinet. Also, the audit reviewed that these funds were in compliance with KRS 186.164 (14).

Child Victims Trust Fund reported receipts of $39,215.50 in specialty licenses plate fee for the 2020 Fiscal Year. This amount included $31,774.50 directly related to the purchase and renewal of the “I Care about Kids’” license plates and $7,441 of excess fees issued by the Transportation Cabinet.

These funds were electronically deposited by the Transportation Cabinet into the Child Victims’ Trust Fund (Fund #6305). The full amount of these funds were then transferred into the Child Victims Exploitation Board Fund (Fund #1368) in order to contribute to the expenses incurred to fund child sexual abuse and exploitation prevention programs, fund the cost of CSA medical exams not covered by insurance or Medicaid, and fund private nonprofit or public organizations in the development or operation of child sexual abuse and exploitation prevention programs.

RE: Request for Audit of the Child Victims Trust Fund (CVTF) for fiscal year ending June 30, 2020

Dear Mr. Cameron

We have received your request for audit of the Child Victims Trust Fund (CVTF), for fiscal year ending June 30, 2020. We are unable to perform the audit at this time. KRS 45.149, therefore, authorizes you to enter into a contract with a certified public accountant (CPA) for the audit. Please be aware that each year you are required to submit a written request to the APA prior to entering into or renewing a contract with a private certified public accounting (CPA) firm.

This authorization is contingent upon the contract’s containing the following provisions:

1) The audit shall be performed in accordance with auditing standards generally accepted in the United States of America and the standards for financial and compliance audits contained in Government Auditing Standards (GAGAS), issued by the United States Government Accountability Office.

2) At the conclusion of the audit, one copy of the audit report, including the report on internal control and compliance and the management letter, if applicable, shall be sent to our office, the Attorney General, and the Legislative Research Commission.

3) Our office shall be allowed access to all working papers, including the audit program, prepared as part of the audit process.

If you have any questions concerning these conditions, or if we can be of further assistance, please feel free to contact Jason Johnson, Executive Director, Office of State Government Audits and Technology, or me.

Thanks and God Bless,

Honorable Mike Harmon
Auditor of Public Accounts
209 St. Clair Street
Frankfort, Kentucky 40601

Dear Mr. Harmon,

The Office of the Attorney General (OAG) provides oversight for the Child Sexual Abuse and Exploitation Prevention Board (Board), a state agency created by KRS 15.905. Pursuant to KRS 15.935(1), the Board may authorize expenditures from the Child Victims Trust Fund (CVTF) which is created by KRS 41.400(1). CVTF is authorized under section 170(c)(1) of the Internal Revenue Code to receive charitable contributions, and the CVTF is funded in part by money earned through the sale of its special license plate. See KRS 41.400(4).

Pursuant to KRS 186.164(14), all funds received through the sale of the CVTF license plate shall be placed in a separate account and shall be audited every year to validate that one hundred (100%) of the funds received are used for the express purpose identified. Pursuant to 601 KAR 9:130, Section 20, a group or organization that receives $15,001 to $75,000 during its fiscal year shall have an external or internal audit of its account performed at its own expense. In fiscal year 2020, the Child Victim License Plate revenues totaled $39,215.50. The Kentucky Transportation Cabinet collected $31,774.50 in registration fees and the OAG received $7,441.00. In order for the OAG to properly administer the law and to enforce compliance with the law, it is necessary to ensure compliance by conducting an audit of the CVTF.

Please advise if your agency can provide these services

Sincerely,

DANIEL CAMERON
ATTORNEY GENERAL

Dear Ms. Taylor,

The Child Victim License Plate revenues totaled $39,215.50 through June 30, 2020. The Kentucky Transportation Cabinet collected $31,774.50 in registration fees which are statutorily dedicated to the Road Fund. The registration fees sufficiently cover Transportation’s administrative cost. We have transferred the entire remaining funds in the amount of $7,441.00 to the Office of the Attorney General.

Please feel free to contact Katherine Cataldi or myself if you have any questions.
